1 We've Been Friends for a Long Time

- I have the same kind of mutual admiration for Tony as he has for me.
- We've been friends for a long time, and I've watched him grow in the faith and in his great preaching capabilities.
- I've known a lot of you people in times past.

2 Glory and Honor to Our Father in Heaven

- Age creeps up on us, doesn't it? Before you know it.
- We've looked forward to this for a long time.
- I hope that it will be something that will be beneficial to the church and that will bring glory and honor to our Father which is in heaven.
- That's the whole idea of these kinds of activities. The Bible is about people.
